

ORADELL PUBLIC SCHOOL DISTRICT
"A Tradition of Excellence"

KEY COMMUNICATOR NETWORK
2007-2008

In Oradell Public School's ongoing quest to enhance communications within the school community, the Board of Education implements a *Key Communicator* program. The program, now in its fifth year, is designed to disseminate factual, timely information directly with members of the public so as to enhance the community's understanding of school issues, programs and initiatives. Key communicators, in turn, share such information with members of the community with whom they come in contact with. The program also encourages Key Communicators to ask questions of school officials and share perceptions evolving in the community. The end result is an improved flow of accurate information throughout the community and a school that becomes increasingly aware of public perception.
